

TraditionDATA

AU Power

TraditionDATA's daily price assessments show futures prices for the prevailing standardised Australian electricity contracts. Prices are expressed in AUD per MWh. Historical data is available by request.

Update frequency:

Daily (EOD broker file)

Methodology:

EOD broker prices are based on expert assessment of daily activity in covered markets. Displayed prices do not represent currently actionable orders.

Curve coverage:

Curve coverage is dependent on market activity and may fluctuate based on changes in liquidity. Curves typically cover quarters and strips going out 2-3 calendar years.
