## Enhancement: UK Inflation Swaps

In order to comply with current market conventions TraditionDATA has enhanced the UK Inflation Swaps data offering.

In addition to UK Retail Price Index (RPI) and UK Consumer Price Index (CPI) outright prices, TraditionDATA now also offers a RPI/CPI spread replicating how the market quotes CPI.

UK RPI / CPI Spreads are priced in 1Y – 40Y tenors with data available on the Refinitiv page TRADINF and Bloomberg page XTRA.

TraditionDATA provides consistent, high-quality financial market data that reflect real price interest in global OTC swaps markets, covering FX & Money Markets, Interest Rate Derivatives, Credit & Fixed Income and Energy & Commodities.

Data can be delivered directly from Tradition or from one of our distribution partners, which include, among others, Bloomberg, ICE, NEX and Refinitiv.
